

tank guardian™ EASY-CLEAN

Product: Tank Guardian Easy-Clean

Code: TMTG01 - 300mm
TMTG02 - 400mm

Tank Maintenance Made Easy

Product Description

Protects tank screens from the build up of leaves and debris

Easy to install with no tools required, Tank Guardian fits securely to an existing tank screen to make cleaning the tank inlet area easy. With a 1mm stainless steel filter screen, Tank Guardian stops leaves, debris and insects from passing through to the tank screen, ensuring it stays clean. This reduces water contamination and ensures that the optimum amount of water is collected. Tank Guardian is simply placed on top of an existing tank screen and then easily removed to clean the tank inlet area. Tank Guardian is available for 300mm and 400mm tank inlet screens (fits most rainwater tanks).

Features and Benefits

- Protects tank screens from the build up of leaves and debris
- Easy to use – just lift the Tank Guardian off the tank screen by the easy grip handle and remove debris
- Easy to install - no tools required, simply place on top of the existing tank screen
- 1mm stainless steel filter screen
- Keeping the tank screen clean helps to:
 - reduce rainwater contamination caused by debris decomposing in the screen
 - prevent blocked screens which reduce the amount of rainwater collected
- Available for 300mm and 400mm tank inlet screens

Installation

1. Clean tank screen
2. Place Tank Guardian inside tank screen

ALL DIMENSIONS IN MM UNLESS OTHERWISE STATED.

Maintenance

1. Remove Tank Guardian from the tank screen and clean. Check every three months or between rainfall events.
2. Reinstall Tank Guardian
