

Toro Pressure Reducing Filter

Product Code and Name: 1011680

All In one pressure reducer and filter. Pressure regulator regulates water pressure downstream and the filter prevents dirt and debris blocking your irrigation system.

Filter Screen: 200 mesh

Max input pressure: 1000KPA

Output pressure: 172KPA

Thread Size: 25mm MBSP

Max Flow of 27LPM downstream of unit

Made from Glass Filled Polypropylene

Irrigation
