For the #SMARTGARDENER ▶ 🅾 f

Connecting your BTV1 to iGardener™

For additional help, please call Customer Service at 📞 1300 716 188

INTRODUCTION

ℹ️ iGardener™ allows you to run up to eight BTV1 units. With this, you can schedule your solenoid valves to open sequentially via your mobile device

ℹ️ iGardener™ also features cycle scheduling, which allows a run time and a delay time. For example, you could schedule a short burst of water to run for 15 seconds, at 20-second intervals, for a total of two minutes

DEVICE COMPATIBILITY

✓ iOS: iPhone 6 and above

✓ Android: Samsung J5 Pro, A5, S5, S6, S7, S8, S9, S10, Motorola Moto G5S Plus, Google Pixel 1, 2 (If your device is not listed, iGardener™ may still work with Android 4.4.2 and Bluetooth® 4.0 compatibility)
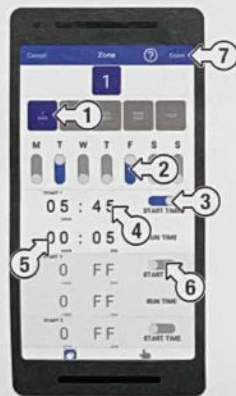

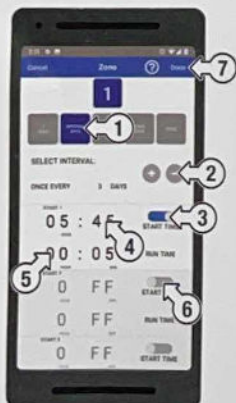

OPERATION

Connection

1. Download iGardener™ from the 🍎 App Store (iPhone) or ▶ Google Play (Android)
2. Tap IRRIGATION on the home menu
3. Tap ADD DEVICE in the top menu
4. Refer to TECHNICAL SUPPORT below if your BTV1 does not connect
5. To begin scheduling your BTV1, tap ZONE MANAGEMENT

8. Tap DONE

Saving a Schedule

1. After inputting your schedule, your BTV1 will be listed on the MANAGE MY DEVICE page with REQUIRES UPDATE NOW
2. Tap UPDATE to send your new schedule to your BTV1

TECHNICAL SUPPORT

Troubleshooting

If iGardener™ is unable to find your BTV1, please check the following:

1. Ensure your BTV1 is fitted with a 9V battery
2. Ensure your mobile device is within 20m range of the BTV1; as per standard Bluetooth® requirements
3. Reset your BTV1 by holding STOP/RESET until the LED flashes RED 🔴 (approx. 5 seconds)

Additional Support

ℹ️ Additional help documents are available within iGardener™ via the HELP ? buttons on the MANAGE MY DEVICE and ZONE MANAGEMENT pages

ℹ️ Visit www.holmanindustries.com.au/btv1-solenoid-control for additional support, or call our Customer Service at 1300 716 188

ℹ️ The BTV1 is designed to be operated via iGardener™. Without the app, your BTV1 cannot be scheduled
